

Report on the sending of the questionnaires

54 questionnaires were sent out.

Two questionnaires were not sent because we could not find a contact:

- Accell Group
- Carel Industries SPA

Of the 54 questionnaires sent out, 8 companies responded:

- Enea AB
- Geberit
- Motorpoint Group PLC
- Novabase
- Sdiptech AB
- Sword Groupe
- Troax Group
- Rothschild & Co

GEBERIT

The company invites us to refer to their annual report which would include the answers to our questions (I doubt we will find all the answers there).

ENEA AB

Our questionnaire has been sent to the ESG manager of ENEA AB. He will fill it in and get back to us later.

MOTORPOINT GROUP PLC

They ask us to wait for the release of their annual report on 16/06/2021 in order to analyse it and find answers. The report will be published on their website at the following address : <http://www.motorpointplc.com/investor-relations/announcements/>

SDIPTECH AB

They collect the data from their subsidiaries and send the questionnaire back to us (but the data will only be collected from 2019).

SWORD GROUPE

The interviewer takes care of filling in the questionnaire and comes back to us as soon as she has finished.

NOVABASE

The interlocutor referred us to their non-financial report which contained only a few answers to our questionnaire.

I sent him back the completed questionnaire with the answers I found in their report (i.e. five questions answered out of about fifty) and asked him if it was possible for the services concerned to answer the questionnaire in full. I am waiting for a reply from them.

TROAX GROUP

The company asks us to refer to their annual report: Marc and Fred will do some research.

ROTSCHILD & Co

Questionnaire sent in English (according to the French interlocutor, only their English-speaking collaborators are able to answer the questionnaire). She asked me if I could tell her about our company: I gave her the address of our website, gave her an overview of our company and gave her Fred's address if she had any more technical questions to ask.
